C Read the text and complete the sentences with **Nancy or Nina**.

Nancy and Nina are sisters. Nancy is 12, and Nina is 10 years old. They are similar in some ways. They are both of medium

height and slim. They have brown hair and brown eyes. But their personalities are completely different. Nancy is a good student. She is never late for school. Nina is the opposite. She never goes anywhere on time. Nancy is a hard-working student, but she doesn't have many friends. She doesn't like talking to people. Nina doesn't like studying, and she doesn't get good grades in the exams, but she makes friends easily, and everybody loves her. She is very popular among her friends. She helps people a lot too, and she loves buying presents for her family and friends, especially for her sister. Nancy and Nina have different personalities but similar interests. They love playing tennis together. They also love reading in their free time.

1. is older than her sister.
2. isn't more hard-working than her sister.
3. always goes to school on time.
4. is friendlier than her sister.
5. is more generous than her sister.
