Cappadocia is a historical place in central Anatolia. There are thousands of "fairy chimneys" in the region, so it looks like a place from the Moon. When you go to Cappadocia, you should see Rose Valley, Paşabağ Valley and Ihlara Valley. There are also museums like Göreme Open-Air Museum and Zelve Open-Air Museum. Derinkuyu Underground Village is another important place to visit. There are also many activities to do. You can fly in a hot-air balloon, rent a mountain bike or a scooter or go hiking in the amazing valleys. The best time to go is from April to October. There are many interesting hotels there.
